

# Alternatives

The EIS will evaluate reasonable alternatives that are technically and economically feasible and meet the purpose and need for the proposed action

## Alternative 1

Proceeding with funding Appalachian Hydrogen Hub as proposed

## Alternative 2

Proceeding with funding an expanded Appalachian Hydrogen Hub, incorporating additional clean hydrogen technologies and infrastructure to the proposed action

## Alternative 3

Proceeding with funding a reduced Appalachian Hydrogen Hub, advancing only a portion of the proposed action

## No Action Alternative

The *No Action Alternative* will analyze the scenario where OCED does not provide any further funding for the Appalachian Hydrogen Hub
